

Condor fact sheet.

Condor is Germany's most popular leisure airline and has been taking off to the most beautiful destinations around the world since 1956. The airline carries 9.4 million passengers per year to more than 80 destinations in Europe, Africa, the Caribbean and North America.

The Condor fleet comprises modern and environmentally friendly aircraft of the following types:

Airbus A321-200	Airbus A320-200	Boeing B757-300	Boeing B767-300ER

The Boeing 767-300ER aircraft are mainly used for Condor's longhaul flights. 18 or 30 seats in Business Class and 35 seats in Premium Class offer our mutual guests an even more relaxed flying experience.

Group travels

With Condor you can easily plan group travels, in the IATA as well as Non-IATA area. For groups of 10 to 40 people, simply use our group calculator in the Condor Extranet (agent.condor.com), for larger groups, you will find a form there as well.

A group booking entails the following benefits: an option period of 21 days after booking confirmation. In case of biddings, we are happy to agree upon different option periods.

The following conditions apply:

- Minimum of 10 full paying guests
- Joint destinations airport
- Joint outbound flight
